

2011 Series

# Migraine Masterclasses

## Location

### Derek Willoughby Lecture Theatre

Charterhouse Square Campus  
London EC1M 6BQ

The Derek Willoughby Lecture Theatre is five minutes walk from *The City of London Migraine Clinic*. The Charterhouse Square entrance is the main access to the Campus and is located at the North East corner of the square (*The City of London Migraine Clinic* is in the North West corner). There is also an entrance to the Campus from Clerkenwell Road but a keycode is required.

## Travel information

Nearest underground stations are Barbican and Farringdon on the Hammersmith & City, Metropolitan and Circle Lines.

## Booking information

The Migraine Masterclasses are **free** of charge. Classes start at 7pm and finish at 8.30pm, with registration and refreshments from 6.15pm. If you would like to join us on any of these evenings, please complete and fax back the registration form on the back page of this brochure as soon as possible. Places are strictly limited and are therefore allocated on a first received basis.

If you would like to attend any of the masterclasses, please fill out the booking form and fax back to us

**020 7490 2183**

## About us

**The City of London Migraine Clinic - a registered medical charity founded in 1980 - provides access to a team of doctors with a specialist interest in the management of migraine and other headaches.**

We offer outpatient appointments to all patients from the UK and abroad by prior arrangement. We are the only independent migraine charity who provides treatment for primary headaches. We receive no government funding, but work with PCTs and hospitals to help reduce waiting times and improve care for headache sufferers.

The feedback we receive speaks for itself, with 80% of patients stating the service they receive with us is 'excellent.' Research into the causes and better management of migraine and other headaches is also undertaken. Standard treatments for migraine as defined by the International Headache Society have resulted from our studies. Our findings are fundamental to the advice given by the NHS, various migraine charities and the British Association for the Study into Headaches. We continue to study drug and non-drug treatments for migraine at the Clinic in peer reviewed clinical trials. Patients may be given the opportunity to try new treatments in a clinical study. We ask our patients to consider taking part in current or future trials, but there is no obligation and the care we provide is not affected in any way.

## Speakers

**Dr Giles Elrington MD** is consultant neurologist at Barts and The London and has practices in Essex and London, from which he carries out sessions for PCTs, as well as private and medicolegal work. He is a general neurologist with interests in headache, rehabilitation, neuropsychiatry and MS. He is a Trustee for *The City of London Migraine Clinic*.

**Dr Marcus Lewis MA MBBS MRCGP DFSRH DRCOG** trained at Oxford University and at University College London. He works as a headache specialist in *The City of London Migraine Clinic* one day a week and as a GP at a busy inner London practice for the rest of the week.

**Dr Jane Horti BSc MBBS** has worked as a headache specialist at the COLMC for the past four years. She qualified at The London Hospital in 1988 and has worked in community paediatrics and general practice. She currently also works in child health.

**Dr Mariacristina Scoto MD PhD** graduated from the University of Catania, Italy in 2001. She then specialised and completed a PHD in Child and Adolescent Neuropsychiatry last year. Mariacristina currently works at UCL Institute of Child Health as a Clinical Research Associate in the Dubowitz Neuromuscular Centre and as a headache specialist at *The City of London Migraine Clinic*.

**Dr Jud Pearson MBChB MRCS MRCGP** works as a headache specialist at *The City of London Migraine Clinic*. She qualified from Glasgow University in 1997 and worked as a general surgeon in Scotland and Australia. Jud also works as a GP in South West London.
